

Fermilab Family Open House

Supported by Fermilab Friends for Science Education

Continuing Events

15th Floor: Ask-a-Scientist and refreshments

Atrium & 2nd Floor: "Physics Carnival"—Hands-on activities designed and presented by high school physics students and Fermilab docents

Shows

Curia II: The Muon $g-2$ Experiment	1:15	2:00	2:45
One West: Space-time: The Fabric of Our Lives		1:30	3:00
Ramsey Auditorium: Mr. Freeze		1:45	3:15

Tours

Most tours are fully booked. We will accept "standbys" if there are no-shows, but if you do not have a ticket, there is no guarantee of available space on a tour.

Linear Accelerator/Main Control Room tours leave from the Ramsey Auditorium foyer at:

1:10	1:20	1:40	1:50	2:10	2:20	2:40	2:50
3:10	3:20	3:40	3:50	4:10	4:20		

Muon $g-2$ tours begin with the talks in Curia II at the times listed above. Everyone is welcome to the talks, but tour space is limited to those with tickets.

Thank you to all of the scientists, teachers, students, and volunteers who helped make the Fermilab Family Open House possible. The open house is funded by an anonymous donor to **Fermilab Friends for Science Education** (fermilabfriends.org). Please visit the FFSE table in the northwest corner of the atrium to learn more and join!
