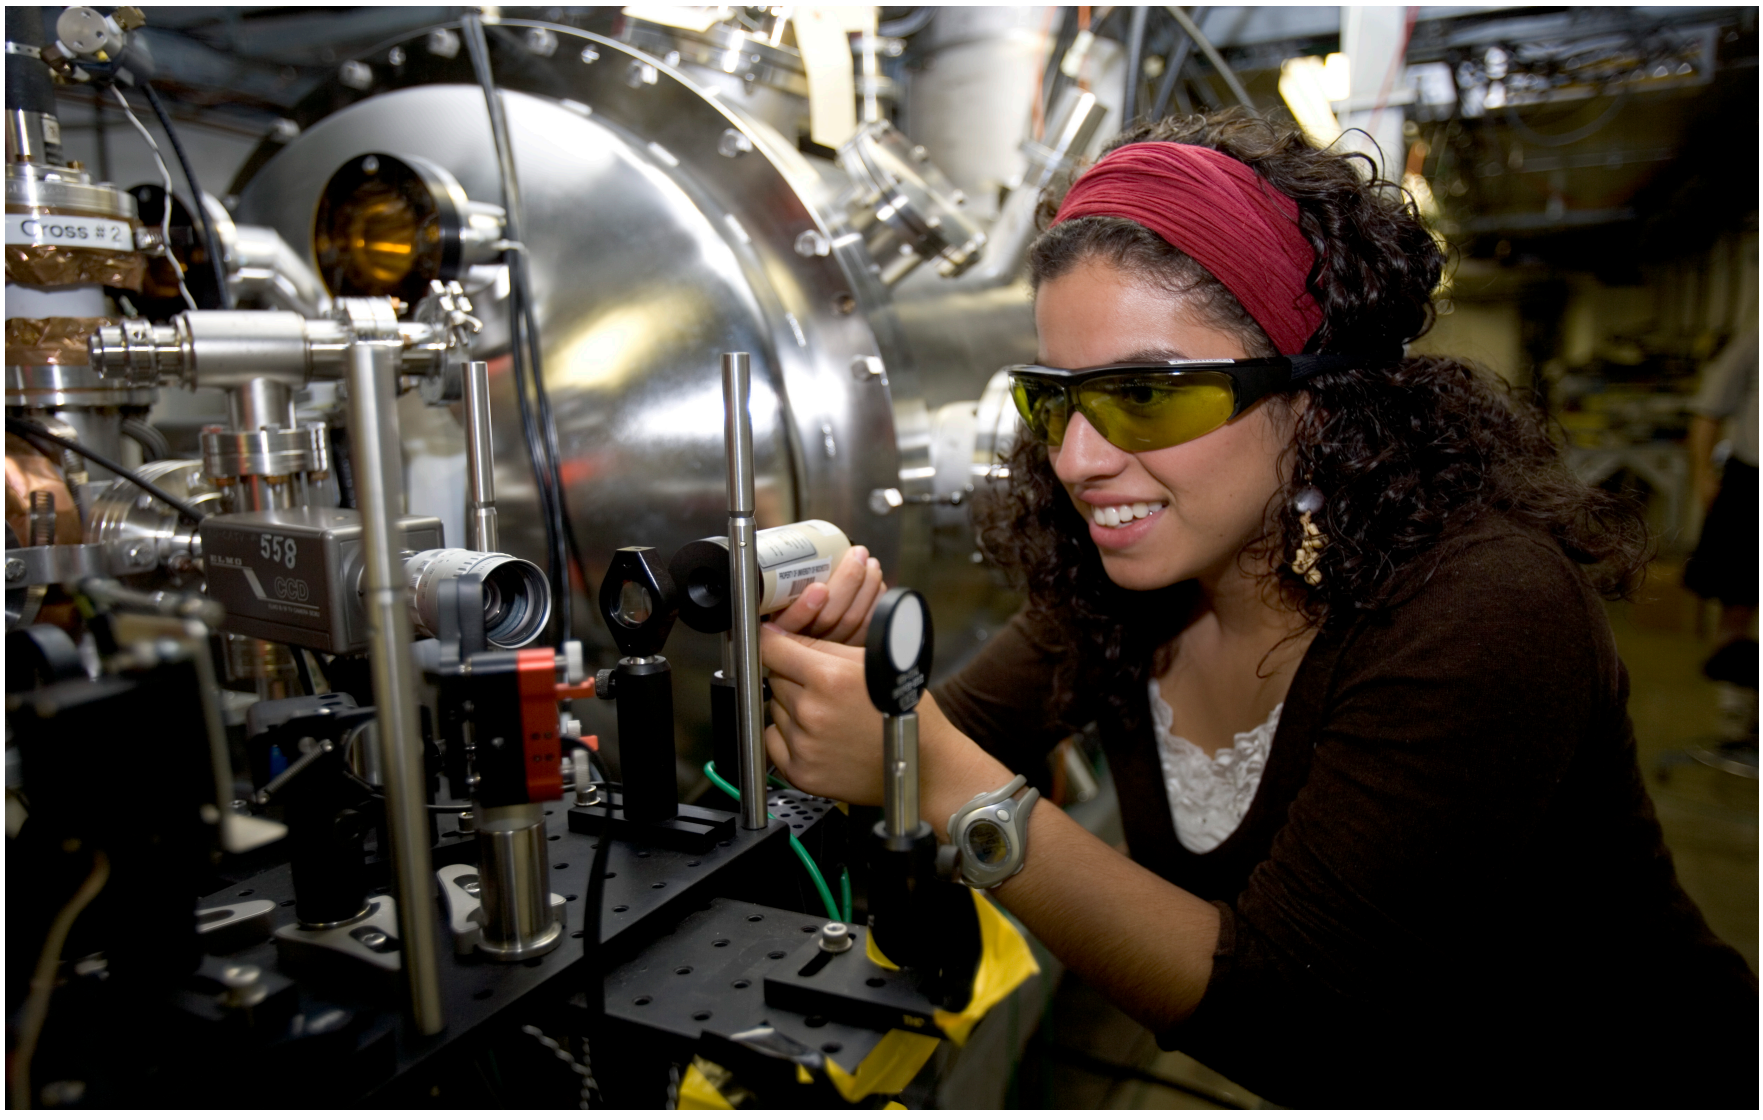
Internship for Physics Majors
(IPM)

Summer 2014
For international students attending U.S. and non-U.S. universities



Applications Open October 18, 2013

http://ed.fnal.gov/interns/programs/ipm/

Fermilab's IPM program offers ten-week summer internships to outstanding undergraduate physics majors. This program has been developed to familiarize students with opportunities at the frontiers of scientific research in particle physics.
