

Internship for Physics Majors (IPM)

Summer 2013

For international students attending U.S. and non-U.S. universities

Applications Open October 9, 2012

<http://ed.fnal.gov/interns/programs/ipm/>

Fermilab's IPM program offers ten-week summer internships to outstanding undergraduate physics majors. This program has been developed to familiarize students with opportunities at the frontiers of scientific research in particle physics.
