

## Take Our Daughters And Sons To Work Day – Excused Absence Form

On April 25, 2019, Fermi National Accelerator Laboratory (Fermilab) will participate in the national **Take Our Daughters And Sons To Work Day** program. Fermilab employees are welcome to invite their daughters, sons, other relatives, friends, and other sponsored children between the ages of 6 and 18 to attend. The students will be invited to:

- Hear from Fermilab employees about their jobs and working at the lab,
- Enjoy a science demonstration show,
- Join a group photo,
- Engage in the annual Fermilab Earth Day Fair, and
- Observe their parents/guardians at work

These experiences will provide students with an exposure to work life. We hope that spending time learning about their parent or guardian's occupations will guide and develop them toward a future where they can participate fully in work, family, and community.

It is our intent that the employees of Fermilab will serve as role models and will inspire the girls and boys to strive to attain their full potential. Moreover, girls and boys will discover how courses in STEM can better prepare them for a wide variety of jobs and will become aware of the skills needed to be hired in specific professions.

Parent/Guardian/Sponsor, please fill out the bottom of this form and have the participating student take it to her/his teacher or principal to sign. You may keep the paper or it may remain at the school. **Do not return the paper to Fermilab.**
